

AGENDA

Climate Action Task Force – January 23, 2020

CoSolve, 350 Terry St., Suite 200, Onyx Room – 6:00 – 8:00 pm

Longmont City Council convened a climate action task force composed of City staff, other subject matter experts, partners, concerned residents, including those most vulnerable to the impacts of climate change, to discuss further steps the City should take to promote a carbon-free, sustainable city. With the goal of creating and submitting a report outlining such steps within 120 days of the first climate action task force meeting (by April 8, 2020).
